

FRIENDS OF INTERIOR DESIGN

Celebrating 70 Years of Excellence, 1948-2018

How do Annual Fund Dollars Impact Interior Design?

Interior Design is a nationally ranked program with a network of over 1,100 alumni. Our shared commitment to design innovation and collaborative learning creates a strong esprit de corps. Teamwork fosters creativity, as undergraduate and graduate students work closely with a talented and committed faculty. Together, upper division juniors and seniors mentor new students. Graduates become outstanding designers, academics, and professionals in the field. Alumni enjoy staying connected and engaged with the program.

In order to further advance as THE leader, we need your financial support. Donations, big or small, can impact a student's life and educational experience; for example, by funding applied research projects, hosting expert guest speakers, or providing tools and technology necessary to be on the leading edge of practice and industry.

This request is for you to consider giving to the **Friends of Interior Design program**. Your donation towards the annual fund will be greatly appreciated by the entire Interior Design Program. The Chair will use the funds to underwrite the department's greatest needs. We encourage gifts year round, but hope that you can make a contribution by **November 3, 2018** to coincide with the DCP Homecoming Celebration.

Thank you for being a part of our 70th year history and shaping our future. Go Gators!
