## Your Guide to Giving to the Annual Fund

### *How do Annual Fund Dollars Impact DCP?*

The UF College of Design, Construction and Planning is one of the few colleges in the nation that houses design, construction and planning under one college. However it is not recognized nationally and internationally as the leader in the educational world, and it should be. The College needs alumni support to compete with the nation's best. We are educating the next generation of professionals and need your help to continue providing educational and research opportunities that equip our graduates to be world class designers, construction managers and planners. Your donation will directly impact the future of the built and natural environment, thereby enhancing the quality of life for millions of people.

Since 1925, the College has produced over 14,000 graduates who have gone into the world and made their mark in the buildings we enter every day and the roads that we use to get there. Many never fully recognize the vision and process that it took to bring the built environment into reality. Every day, we are surrounded by the accomplishments of our alumni. Please consider "paying it forward" to the future of our industry.

UF President Kent Fuch's has a Preeminence Plan to make the University of Florida a Preeminent Institution. Our goal is to align the College with this plan and make the College the pre-eminent College of Design, Construction and Planning in the world. Invest in our College as we transform the world.

As a supporter of the Dean's Circle you will be invited to a dinner with other supporters once a year hosted by the Dean. You will also receive the printed version of a DCP Annual Publication.
