

Master of Science in Architectural Studies Concentration in Themed Environments Integration (MSAS|TEI)

Program of Study

36 Credits normally completed in 4 semesters

This concentration is for individuals seeking employment as a building professional in the Themed Environments industry.

<u>Courses</u>	<u>Credits</u>
Introduction to Themed Environments	3
Integration Practices for the Built Environment	3
Project Development Studio for Themed Environments	6
Design and Documentation for Themed Environments	3
Fabrication and Execution for Themed Environments	3
Development & Operations for Themed Environments	3
Research Methods	3
Professional Internship	3
Independent Research	3
Thesis/ Master's Research Project	6
<i>Total degree credits</i>	36

Typical Program of Study - MSAS|TEI

Year 1 (27 cr)

Fall (9 cr)

Introduction to Themed Environments
Integration Practices
Research Methods

Spring (9 cr)

Design and Documentation
Construction: Fabrication & Execution
Development & Operations

Summer (9 cr)

Project Development Studio
Thesis/ MRP Research

Year 2 (9 cr)

Fall (9 cr)

Thesis/ Master's Research Project
Professional Internship
