**Prerequisite Knowledge and Skills: None

Purpose of Course: This course prepares the student to reduce fires by implementing fire prevention programs. It provides the insight to gain the knowledge in this area.

Course Goals and/or Objectives: By the end of this course, students will:

Describe aspects of risk reduction education and overall community risk reduction.

Explain the fundamental aspects of codes and standards, and the inspection and plan review process.

Describe the fire investigation process and discuss fire prevention research.

Discuss historical and social influences and describe the master planning process.

Describe economic and governmental influences on fire prevention.

Explain the effects of departmental influences on fire prevention programs and activities.

Discuss strategies for fire prevention

**** How This Course Relates to the Student Learning Outcomes in the FIRE emergency services program: Identify and evaluate organizational problems associated with fire and emergency services. Demonstrate strong verbal and written communication skills for leadership in fire and emergency services.**

****Teaching Philosophy: I am looking for students to demonstrate a working knowledge of the subject. You need to be creative when you complete your assignments but maintain a professional appearance of your work. Your work needs to be complete and in such a manner that someone can pick up your document and understand what you are trying to convey. And most of all your work needs to be supported with research and cited in properly in APA format.**

****Instructional Methods: The course is designed for individual and group interactivity. It is important to post and respond to discussion questions in the course within the time frame allotted. This provides a learning environment by networking with other students in the course. The assignments are individual base to give you the opportunity to do a variety of activities, in many cases, similar to what you will be doing in role as a leader in the emergency services profession.**

Course Policies:

Attendance Policy: The course is designed in module format. You should check the site at least once a week. You are required to complete the assignments including discussion questions within the time period designated on the module. There will be meetings set up throughout the course. Requirements for class attendance and make-up exams, assignments, and other work in this course are consistent with university policies that can be found in the online catalog at:

<https://catalog.ufl.edu/ugrad/current/site.regulations/info/attendance.aspx> (Links to an external site.)

****Quiz/Exam Policy:** There is a final project for this course. There are no exams or quizzes.

Make-up Policy: You must contact me if you are going to be late on any assignment to receive credit.

****Assignment Policy:** All assignments have a due date. Please be sure to check the date and time it is due in each module.

****Course Technology:** Any class meetings will require a web camera and mic/audio. If you are not able to use a web camera you will need to at least provide audio/mic, you can call in on a phone also.

UF Policies:

University Policy on Accommodating Students with Disabilities: Students requesting accommodation for disabilities must first register with the Dean of Students Office (<http://www.ufl.edu/dso> (Links to an external site.)). The Dean of Students Office will provide documentation to the student who must then provide this documentation to the instructor when requesting accommodation. You must submit this documentation prior to submitting assignments or taking the quizzes or exams. Accommodations are not retroactive, therefore, students should contact the office as soon as possible in the term for which they are seeking accommodations.
