

**Note:**

When you picked up your guest tickets, you were given a name card. This card is very important and will allow you easy entrance into the Phillips Center. Please bring it with you to the ceremony and do not mutilate, fold or damage this card in any way.

**Before arriving, please complete the back of the card.** You will retain this card until you are ready to be individually recognized on the platform during the ceremony. When you reach the platform, you will hand your card to the announcer. Please be sure to include the phonetic spelling and test the pronunciation by asking others to read it.
