4 + 1 Combination Degree Overview

The Master of Interior Design program prepares students for careers in MANY areas of the Interior Design profession. Master’s degrees allow for specialization in particular areas of design, and open the doors to opportunities design research and teaching. UF’s interior design program is recognized as a leading program in the U.S and has a strong international draw. The Master of Interior Design prepares students to become design practitioners with a focus on the intersection of research and practice. In addition to coursework, the main requirement for the degree is a written thesis, as students start to become contributors to the profession’s body of knowledge.

Created to shorten the length of time and the cost of obtaining your master’s degree in Interior Design, UF Interior Design bachelor’s students have the option to apply for a combination degree. You can take up to 12 credit hours during your senior year that can count toward your undergraduate degree AND your master’s. Students will be responsible for paying the difference between undergraduate and graduate tuitions; financial aid may be available to assist with the graduate degree portion of the program.

Program Highlights
• To be eligible, you must have a minimum 3.2 GPA
• Talk to the Interior Design Graduate Coordinator about your interest
• Fill out a Combined Bachelor’s & Master’s Degree Request
• The IND office will register you for your graduate courses
• Apply to the master’s program during the spring of your senior year
• Maintain a minimum 3.2 GPA
• Graduate with your bachelor’s degree
(Only graduate courses with a **B or better** during your senior year can be transferred over to the graduate track)

Faculty Research Areas for Faculty Mentors
• Healthcare & Quality of Life
• Improving Teaching & Learning Outcomes
• Enhancing Creative Performance
