FINANCIAL NEED TEST FOR SCHOLARSHIP CONSIDERATION

Undergraduate students must apply for federal financial aid on the Free Application for Federal Student Aid (FAFSA) to determine if they meet the financial need criteria as established by the University of Florida for a need-based scholarship. Graduate students are not required to use the FAFSA to determine financial need, but a needs test of some sort must be used by the department if the FAFSA is not used. All international students (whether undergraduate or graduate) must be evaluated by use of a needs test as they are ineligible to apply for aid on the FAFSA. .
