Public Information 2019-2020
This document contains public Information for the accredited Bachelor of Landscape Architecture (BLA) and Master of Landscape Architecture (MLA) at the University of Florida as required by the Landscape Architecture Accreditation Board (LAAB).

1. Student Achievement
In addition to assessments from the landscape architecture faculty, an external jury of professional landscape architects annually assesses BLA and MLA Student Learning Outcomes. The assessments values are on a scale of 1 to 5 where one is the weakest and five is the strongest. Following are the 2019-2020 assessments:

MLA Student Learning Outcomes:
1. General Body of Knowledge 3.9
2. Core Professional Skills 4.1
3. Analysis and Synthesis in Decision-Making 4.0
4. Communication Skills 4.0
5. Research Methodologies 4.0
6. Ethical Behavior and Professional Conduct 4.5

BLA Student Learning Outcomes:
1. General Body of Knowledge 4.2
2. Core Professional Skills 4.1
3. Ethical Understanding 4.5
4. Analysis and Synthesis in Decision-Making 4.1
5. Communication Skills 4.3

2. Student Retention and Graduation Rates
In 2019-2020, there were 10 BLA degrees awarded and 8 MLA degrees awarded.

Retention Rates:
The percentage of MLA students returning for their final year of study in the MLA program was 100%. The percentage of BLA students returning for their final year of study in the BLA program was 100%.

Graduation Rates:
The First Professional MLA is a three-and-a-half-year program and the 2019-2020 graduation rate was 80%. The BLA program is a five-year program and the 2019-2020 five-year graduation rate was 80%.
