Suggested Summer B Courses

BCN 1582

BCN 1582 deals primarily with understanding key concepts related to sustainable development worldwide, gain familiarity with key environmental and resource issues and the effects on humankind if present population and consumption trends remain unchanged.

BCN 1210

Students will learn elements relating to the principles of construction methods and techniques. Basic understanding of the built world that surrounds us and how it is constructed.

Fall/Spring Course Suggestions

DCP 1003

take Fall Semester if a CM Major

Calculus

if you didn't receive credit for it via IB/AP then take it Fall Semester and put STA 2023 in Semester 3

Spanish

if you took it in High School, take SPN 1180 Construction Spanish in Spring. If not take the Spanish Placement test to find out the intro Spanish course you will need. Only one Spanish course is required.

Hands on experience

IT ALL STARTS HERE.

Start your career with...

...a career fair each semester with 200+ recruiters.

...two Interview rooms located in Rinker Hall.

...Career Placement staff dedicated to students and alumni.
