**Students in the Major will Learn to:**

**Student Learning Outcomes (SLOs)**

**Content**

1. Identify and evaluate organizational problems associated with fire and emergency services.

2. Identify and demonstrate proper knowledge and use of comprehensive emergency management/command and control skills in major catastrophic incidents in fire and emergency services.

3. Illustrate knowledge and legal application of safety, health and environmental regulations at state and federal levels.

**Critical Thinking**

4. Demonstrate effective leadership behavior and skills in fire and emergency services.

5. Properly address issues of management, code regulations and the labor market in fire and emergency services.

**Communication**

6. Demonstrate strong verbal and written communication skills for leadership in fire and emergency services.

**Use of Results**

The results of the Program Goals and Student Learning Outcomes for Academic Year 2019-20 were reviewed by The Rinker School Director Dr. Robert Cox and FES Program Director Dr. Jeffrey Lindsey. In the Fall of 2017 the program transitioned into the University of Florida Online College (UFO) delivery and were able to evaluate the program more effectively based on improved data availability.

The BSFES program had a 60% increase in students due to a successful year of growth from 153 students to 255 students. During 2019-2020 we surpassed the 100 student and 200 course enrollment goals for the program.

The number of enrolled students was:
- **Summer 2019**: 127 students enrolled in 341 course enrollments.
- **Fall 2019**: 169 students enrolled in 421 course enrollments.
- **Spring 2020**: 182 students enrolled in 439 course enrollments.

The program had a goal of a one-semester completion rate of 90% and this was met each term with an average of 99.3% one semester course completion for the 2019-2020 year.

The target of graduates for the year was 30 and the FES program conferred 44 degrees over the 2019-2020 academic year.

SLO 4 was revised last year for a targeted 80% of students earning an 80 or higher and it was achieved again with 97% meeting the criterion for this SLO in AY 2019-2020. This improved the percentage of success and we will monitor it each year.

Recruiting efforts have increased by attending state and national conferences - Fire Rescue East, EMS Today, Hurricane Conference both state and national, FDIC, Fire Rescue International, EMS World and IAEM. In addition, visits to Florida state colleges, fire chief meetings, and select meetings of fire, EMS, colleges outside the state. In addition, UFO has aided in our ability to admit students into the program and complete the entrance requirements into the program.

As a result of our results over the past years, the program hired a second fulltime faculty member to improve course quality.
