

M. E. Rinker, Sr. School of Construction Management
CHANGE OF MAJOR APPLICATION

NAME: _____ UFID#: _____

CELL PHONE: _____ E-MAIL ADDRESS: _____

The minimum standards that must be met before a student will be eligible to be reclassified into the Rinker School of Construction Management as a freshman or a sophomore (Pre-CM status) are as follows:

- Must have fewer than 48 credit hours completed, including current registration.
- Must have UF tracking GPA for current tracking term (see back of form)
- Must have the three critical tracking courses (see back of form, courses designated with *)

NOTE: *Please be aware meeting minimum qualifications does not guarantee acceptance to the limited access upper division degree program. All student applications are competitively ranked and only the top 60 students each Fall and Spring semesters are accepted into the upper division program. Competitive upper division admission GPA defers from the required UF tracking GPA. Meeting just the required minimum tracking GPA doesn't make you a competitive applicant for the upper division program. The five year average for upper division admissions is a 3.37 GPA. The following GPA is suggested each semester to be a competitive applicant for upper division. (Sem. 1 - 2.50, Sem. 2 - 2.75, Sem. 3 – 3.0, Sem. 4 – 3.50). You can only apply to upper division twice. Must submit an application to enter into the limited access upper division program when completing the last semester of prerequisite coursework. (Fall deadline – March 15, Spring deadline – September 15). Applications available:*

*<https://dcp.ufl.edu/rinker/academics/undergraduate/construction-management/current-students/>
(then select Upper division application)*

Please answer the following questions:

What is your current major?

Why are you changing majors?

Why are you choosing Construction Management as your major?

Who or what provided information about the Construction Management Program?

_____ Current student _____ Previous graduate _____ Parents or family _____ Printed literature

_____ Other (please explain) _____

_____ Advisor (Name/Department) _____

To the best of my knowledge I meet the requirements above, have read over all the information included in this form (front and back) and the package handed to me, and also I understand that meeting the minimum standards stated above doesn't guarantee admission into the upper division program in the Rinker School.
