

MURP 4+1 SAMPLE SCHEDULE & CURRICULUM

Undergraduate Portion

Semester One (Fall – 3cr)	Semester Two (Spring – 6 cr)	Semester Three (Fall – 6 cr)	Semester Four (Spring – 6 cr)
URP 6100 (c) Planning Theory & History (3)	URP 6131 (c) Land Use Planning Law (3)	URP 6231(c) Quantitative Data Analysis for Planners (3)	URP 6203 (c) Planning Research Design (3)
	S/D/E Course (3)	S/D/E Course (3)	S/D/E Course (3)

Graduate Portion

Semester One (Summer – 1cr)	Semester Two (Fall – 16cr)	Semester Three (Spring – 15 cr)
URP6941 Internship (1-3)	URP 6061 (c) Planning Administration & Ethics (3)	URP6971, Thesis (3)
Independent Thesis work	URP6042, Urban Economy (3)	S/D/E Course (3)
	URP6341, Urban Planning Project (6)	S/D/E Course (3)
	URP6941 Internship (1-3)	S/D/E Course (3)
	URP6971, Thesis (3)	S/D/E Course (3)

- (c) Core
- S/D/E Course: Specialization, Distribution, or Elective Course

This is a sample curriculum only. All classes are subject to change. Please consult with Kyle Dost or your faculty mentor about Electives as some are not appropriate for the first semester

MURP COURSE OFFERINGS

52 credits required

CORE COURSES (ALL REQUIRED)

COURSE NUMBER	TITLE	CREDIT	FALL	SPRING	SUMMER
URP 6042	Urban Economy	3	X		
URP 6061	Administration and Ethics	3		X	
URP 6100	Planning Theory and History	3	X	X	
URP 6131	Land Use Planning Law	3		X	
URP 6203	Planning Research Design	3		X	
URP 6231	Quantitative Data Analysis for Planners	3	X		
URP 6341	Urban Planning Project	6	X		

DISTRIBUTION COURSES (9 CREDIT HOURS)

COURSE NUMBER	TITLE	CREDITS	FALL	SPRING	SUMMER
URP 6059	Community Engagement	3		X	
URP 6270	Introduction to Planning Information Systems	3	X	X	
URP 6421	Environmental Land Use Planning & Management	3	X		
URP 6603	Development Review	3			X
URP 6646	International Perspectives in URP	3		X	
URP 6716	Transportation Policy & Planning	3	X		
URP 6745	Housing, Public Policy, and Planning	3		X	
URP 6871	Planning and Design I	3	X		

Students select three courses. Other courses may be taken in this section and will be classified as electives.

ELECTIVES (10 TO 13 CREDIT HOURS)

COURSE NUMBER	TITLE	CREDITS	FALL	SPRING	SUMMER
URP 6223	Introduction to Urban Analytics	3	X		
URP 6224	Intermediate Urban Analytics	3		X	
URP 6271	Automation for Geospatial Modeling & Analysis (P)	3		X	
URP 6272	Urban Spatial Analysis (P)	3		X	
URP 6275	Intermediate Planning Information Systems (P)	3	X		
URP 6280	3D Geospatial Modeling & Visualization (P)	3	X		
URP 6445	Planning for Climate Change	3	X		
URP 6541	Economic Development Planning	3	X		
URP 6542	Urban Land Economics	3		X	
URP 6645	Sustainable Urbanism in Europe	3		X	
URP 6711	Transportation and Land Use Coordination (P)	3		X	
URP 6821	Transportation & Land Use Modeling	3		X	
URP 6880	Defensible Space and CPTED in Urban Design	3	X		
URP 6905	Exploration & Directed Study/Special Topics	3	X	X	X
URP 6920	Colloquium	1	X		
URP 6931	AI in the Built Environment (P)	3	X

(P) Course requires pre-requisites or co-requisites

INTERNSHIP

COURSE NUMBER	TITLE	CREDITS	FALL	SPRING	SUMMER
URP 6941	Urban Planning Internship	1-3	X	X	X

THESIS

COURSE NUMBER	TITLE	CREDITS	FALL	SPRING	SUMMER
URP 6971	Research for Master's Thesis	6	X	X	

Students are required to take 6 credit hours. Credits are divided over Fall and Spring semesters. Typically, students take 3 credits each in the first and last semesters of their final year. Students must be registered for thesis credits in their graduating semester. Students will need to coordinate with the Graduate School to ensure all requirements are met. Failure to meet Graduate School deadlines may result in a delay in graduation.

* All classes are subject to change. Please consult with Kyle Dost (kyledost@ufl.edu) if you have any questions about program offerings.
