Prerequisites: DCP 4941 Practicum in Sustainability and the Built Environment
or
DCP 4942 Field Experience in Sustainability and the Built Environment
or
Approved DCP studio course with a sustainability emphasis

About the Course
The Sustainability and the Built Environment (SBE) Program views mentored Capstone Project as
the most effective way to bring out the passion and innovation in our students on their preferred
topic using the tools, skills and knowledge earned throughout their college career with us.

The capstone project is a celebration of sorts and culminating experiences to deliver a polished
product that showcases students’ abilities and readiness for the job market.

Course Overview
Each student will undertake an individual project under the direction of a faculty member, with a
focus on comprehensive solutions to a problem in sustainability based on research. This final
semester-long project allows students to explore specific areas of personal interest, to hone
problem-solving abilities, to enhance their ability to do research and to improve independent
decision making and organizational skills.

The SBE program has created a list of top faculty and industry mentors available to work with our
students to make the students final project an experience to last a life time. Each student is
matched with the appropriate mentor based on the project topic and the mentor’s field of expertise.
Course Objectives:
The purpose of capstone project is to:
- Learn to write effective, clear and well-organized proposals that incorporate a scope of work, schedule and work products.
- Undertake an independent work effort and complete it satisfactorily.
- Explore problem-solving for an issue of sustainability and the built environment.
- Excel in oral communication and project the confidence in self and work.

Capstone Proposal Outline
1. Description of general area of research interest, e.g., changing consumer behaviors
2. Proposed research question e.g., what measures can be taken to incentivize consumers to use minimize water use on the UF campus?
3. Methodology (ies) e.g., I propose to develop a survey of a subset of the student population to asking them what strategies would most motivate them to change their behavior, or: e.g., I’ll examine case studies of three utility companies to see what methodologies they have used successfully. From analysis of those case studies, I’ll derive recommendations for the UF campus.
4. Preliminary Critical Path being sure to include the midterm and final presentations and final submittals.

Course Management
The course is hosted on Canvas, and each student have a page on Canvas course site to upload and manage his/her project. The final submittal must be uploaded to Canvas under “final project” folder on your page.
Students are strongly encouraged to identify a project and a mentor at the end of their Method of Inquiry course that is a pre-requisite for the capstone, or least two weeks before the start of the semester in which they will enroll in the Capstone course.

Textbook
There is no required text, but a literature search and bibliography are expected.

Schedule
- No later than TWO WEEKS PRIOR to the start of Class: Develop a Project Proposal per attached Outline and submit to Faculty Mentor.
- No later than ONE WEEK PRIOR to the start of Class: Submit Project Proposal to SBE Director, Pat De Jong, and Faculty Mentor.
- WEEK 9 Mid-term Presentation.
- WEEK 15 Final Presentation.
- WEEK 16 Final Written/Graphic Submittal

Presentation and Submittal Formats
Mid Term and Final Presentations will be made using PowerPoint. The final written/graphic submittal will be made digitally.

Final Submittals
There are three elements that must be submitted to qualify for graduation. We ask that these be submitted Via Canvas your page in the formats listed below and notify Pat De Jong that you final work is submitted.

- Paper – A minimum paper length of 40 pages is expected that is from cover to cover including the report’s cover page, table of content, graphics and other visuals, references,
etc. Sources must be cited within the work and a complete list of references included at the end. Please use the citation format found on the Syllabus. Please submit the paper in PDF format named as follows: last name, first name, year, and capstone title.

- **PowerPoint Presentation** – Please submit your final PowerPoint presentation saved in PowerPoint format named as follows: last name, First name, year, and capstone title.

- **Video** – Each student is asked to prepare a 3-5 minutes video (YouTube) or use Adobe Spark (see below) that summarizes their Capstone project. The course name and #, SBE program, project title, student’s name and date should be placed at the beginning of the video. At the end of the video acknowledge your mentor and others who contributed to your work. For Geodesign specialty present a story map or a video. Presenting the same at the beginning and end of the video.

**Writing Style**
The final paper should be double spaced, size 12 font. The style of the final written text is to be Times New Roman or Arial unless determined otherwise by the faculty mentor. The faculty mentor is not to serve as a copy editor.

**Policy on Lost Data**
All students are required to maintain an appropriate system for backing-up their work. No accommodations can be made for lost data.

**Course Policies**

**Meeting Times**
Students are expected to meet with their faculty mentor at least every two weeks to ensure their scope of work is appropriate and that they are making satisfactory progress toward project completion. Appointments with faculty mentors should be made well in advance and timely submittals made so the mentor can provide the best feedback possible.

**Make Up Policy**
No late work will be accepted without prior approval of the faculty mentor. Computer problems that arise during submission will not be accepted as an excuse for late work. Make-up options will be available at the discretion of the faculty mentor.

**Late Submittals**
Late submittals with no prior approval or excused absence will be dropped a letter grade for each 24 hour period. Part of the student’s responsibility is to stay on their designated Critical Path and determine ways to complete the necessary work in a timely way.

Requirements for class attendance and make-up exams, assignments, and other work are consistent with university policies that can be found at: https://catalog.ufl.edu/ugrad/current/regulations/info/attendance.aspx

Changes and Revisions to Syllabus
This syllabus is subject to change. Any changes will be relayed via your faculty mentor.

Accommodating Students with Disabilities
Students with disabilities requesting accommodations should first register with the Disability Resource Center (352-392-8565, [www.dso.ufl.edu/drc/](http://www.dso.ufl.edu/drc/) ) by providing appropriate documentation. Once registered, students will receive an accommodation letter which must be presented to the instructor when requesting accommodation. Students with disabilities should follow this procedure as early as possible in the semester.

Student Honor Code and Academic Honesty
UF students are bound by The Honor Pledge which states, “We, the members of the University of Florida community, pledge to hold ourselves and our peers to the highest standards of honor and integrity by abiding by the Honor Code. On all work submitted for credit by students at the University of Florida, the following pledge is either required or implied: “On my honor, I have neither given nor received unauthorized aid in doing this assignment.” The Honor Code ([http://www.dso.ufl.edu/sccr/process/student-conduct-honor-code/](http://www.dso.ufl.edu/sccr/process/student-conduct-honor-code/) ) specifies a number of behaviors that are in violation of this code and the possible sanctions.
