

# Andrea Galinski, asla, cfm

Assistant Scholar | Department of Landscape Architecture | University of Florida  
P.O. Box 115704, Gainesville, Florida 32611-5704  
**Contact:** agalinski@gmail.com | 215.262.5523

## EDUCATION

Master of Landscape Architecture | Louisiana State University | 2010  
Bachelor of Philosophy in "Human Ecology" | Pennsylvania State University | 2002

## EMPLOYMENT

Aug 2018 - present      **Assistant Scholar** | Landscape Architecture | University of Florida | Gainesville, FL  
Jun 2011 - Aug 2018    **Coastal Resource Scientist** | Coastal Protection & Restoration Authority | Baton Rouge, LA  
Aug 2010 - May 2011    **Adjunct Instructor** | Architecture | Louisiana State University | Baton Rouge, LA  
May 2010 - July 2010   **Intern** | Coastal Sustainability Studio | Louisiana State University | Baton Rouge, LA  
Aug 2007 - May 2010    **Graduate Assistant** | Landscape Architecture | Louisiana State University | Baton Rouge, LA  
Aug 2002 - May 2003    **Environmental Educator** | Nature's Classroom | Colebrook, CT

## PROFESSIONAL WORK

*Andrea brings experience working in state government and higher education to holistic, data-driven resilience planning. Her extensive work in planning, policy, and program development for the Louisiana Coastal Protection and Restoration Authority (CPRA) provides unique skills to make Florida's communities, businesses, and workforce more resilient.*

- **Coastal Planning.** Participated in development of 2012/2017 Louisiana's Comprehensive Master Plan for a Sustainable Coast including plan document, outreach materials, technical reports, and formulation of state's nonstructural mitigation projects/resilience policy recommendations.
- **Resilience Planning + Land Use.** Author of resilience policy document including state, county, and local recommendations for comprehensive plans, hazard mitigation plans, regulatory tools, infrastructure/building standards, and capital improvement plans; coordinated research related to legal authority, land use regulations, land acquisitions, and other incentives to implement nonstructural policies.
- **Local Technical Assistance.** Conducted outreach and provided technical assistance to local governments on future coastal flood risk; reviewed county comprehensive plans for compliance with Master Plan; designed public friendly and interactive web-based viewer which won a 2015 FEMA Individual and Community Preparedness Award; provided public trainings on viewer.
- **Federal, State + Local Coordination.** Facilitated coordination with other state agencies and participated in interagency meetings; coordinated with local floodplain managers and other local coastal stakeholders; served as the Louisiana Coastal Resilience Team Lead for the Gulf of Mexico Alliance (GOMA).
- **Local Capacity.** Led capacity assessment of coastal counties to determine ability to implement projects, plans, and policies to adapt to current and future coastal flood risk.
- **Outreach + Data Visualization.** Led website development for CPRA agency and for Flood Risk and Resilience Program; led creation of outreach materials, community meeting production; developed Story Maps on future flood risk for other state agencies and general public.
- **Program Management.** Developed scopes of work and managed other resilience-related projects; coordinated with project subcontractors; reviewed and provided input on project deliverables; researched funding opportunities to further the program's goals and activities.

## GRANTS

2020-2021 Florida Sea Grant College Program, "Quantifying the effectiveness of resilience planning for affordable housing in coastal Florida by assessing local planning frameworks," (\$191,000)
