RESEARCH EXPERIENCE

DEPARTMENT OF LANDSCAPE ARCHITECTURE, UF

- **Viva Florida Landscape Demonstration Grant** 2020
Principal Investigator Under review The grant is to establish, expand or enhance native wildflower demonstration garden. 80% of the grant is to purchase Florida native plants. It is a collaboration between Department of Landscape Architecture and IFAS Field & Fork Student Garden. It requires the planting site to be established and maintained for one year from installation date, following by a research on visitor impression and the educational impact of the garden. Awards will be announced on May 15, 2020.

- **Strategies for an Effective Landscape Master Plan** 2017
Co-Principal Investigator The purpose of this study is to obtain information about institutional Landscape Master Plans through surveys and phone interviews with university and college campus staff, which may be used to inform implementation of a Campus Landscape Master Plan at the University of Florida, and more broadly to inform campus planning at other institutions.
