REPRESENTING LANDSCAPES

Overview:

The impact of the work we do as landscape architects depends on our ability to visually convey our ideas to others (teammates, clients, consultants, the public). The means we have at our disposal are pens, pencils, paper and computers through which we explore landscapes conceptually and physically.

This course will explore drawing as a way of understanding and shaping what we experience in the landscape. We will explore drawing not only as a way to represent fully formed landscapes or ideas, but as a tool for seeing and understanding space, movement, objects and conditions. Students will be introduced to sketching, perspectival drawing and projective drawing. The primary goal of the course is to train students’ eye and hand in representing landscapes and to expose them to multiple media and techniques used to communicate landscape work.

Objectives:

- To develop the ability to “see” and graphically describe landscapes.
- To develop the ability to recognize spatial relationships and to articulate the physical environment graphically.
- To develop the ability to clearly and effectively convey concepts in both analog and digital format.
- To develop confidence in your graphic skills.

Format:

Lectures or demonstrations will be held on Period 4; Workshops (in-class or field-sketching) and Q&A will be held on Period 5. On Mondays we will review previous week’s assignments as a group (pin-up). Feedback will be provided verbally by the instructor and the students. It is critical to attend and take notes. Student work should be pinned-up before the beginning of class (10:40). Work not on display by 10:40 will be considered late! If you have to miss class, please ask a classmate to submit your work for you.

Students are required to keep a sketchbook. There will be a weekly sketching exercise alongside the work you do in class which should also be presented at the beginning of each week. The sketchbook will be submitted at the end of the semester for evaluation and will be returned later.

Content:

All course content will be available through CANVAS, UF’s online learning portal. Students may access this site at https://lss.at.ufl.edu/ by logging in with their UF credentials. Under LAA2376c, links to the course materials will be
available on the course website including assignments, tutorials, reference, etc. All assignments are to be submitted to CANVAS unless otherwise indicated.

Grading:
Grading will adhere to the University of Florida Grade Policy:

<table>
<thead>
<tr>
<th>Letter Grade</th>
<th>A</th>
<th>A-</th>
<th>B+</th>
<th>B</th>
<th>B-</th>
<th>C</th>
<th>C-</th>
<th>D+</th>
<th>D</th>
<th>D-</th>
<th>E</th>
</tr>
</thead>
<tbody>
<tr>
<td>Numeric Grade</td>
<td>100-93</td>
<td>92-90</td>
<td>89-87</td>
<td>86-83</td>
<td>82-80</td>
<td>79-77</td>
<td>76-73</td>
<td>72-70</td>
<td>69-67</td>
<td>66-63</td>
<td>62-60</td>
</tr>
</tbody>
</table>

According to Departmental Policy, Landscape Architecture majors must receive a C or better to move forward. Any grade lower than a C will require that the course be taken over again.

Grading Percentages:

- **Participation**: 5% Exercise 3.2_Photoshop basic 2.5%
- **Assignment #1_Sketchbook**: 15% Assignment #4_Photoshop rendered plan & section 10%
- **Exercise 2.1_Drafting basic**: 5% Assignment #5_Illustrator diagrams 10%
- **Exercise 2.2_Drafting basic**: 5% Exercise 5.1_Illustrator basic 2.5%
- **Assignment #2_Discrptive drawings**: 10% Exercise 5.2_Illustrator basic 2.5%
- **Assignment #3_Photoshop collages**: 10% Assignment #6_Hybrid illustration 10%
- **Exercise 3.1_Photoshop basic**: 2.5% Assignment #7_Indesign booklet 10%

Assignment Components:

**Participation**
Includes attendance, completion of in-class exercises, positive contributions to class, and ACTIVE involvement in class discussions/critiques/tutorial demonstrations.

**Assignment #1_Sketchbook**
This is a weekly sketching exercise throughout the Fall semester. You are required to keep a sketchbook, to fill 3-5 pages (6”x8”) each week with your outdoor space perspectives, book reviews, tree/person/vehicular exercises, and others. The goal is to establish the habit of sketching, to train your eye and hand in representing landscapes, to draw your idea/concept down on a paper. Detail requirements see assignment handout.

**Assignment #2_Discrptive drawings**
This assignment is to learn basic drafting and to understand basic landscape design graphics(plan and section); to get familiar with color pencils, this most popular-used media in landscape design offices.

**Assignment #3_Photoshop collage**
This assignment deals with combining photographic image components to assemble one single perspective, to communicate a clear design message. Detail requirements see assignment handout.

**Assignment #4_Photoshop rendered plan & section**
This assignment deals with basic color rendering techniques using Adobe Photoshop, with particular attention to selections, transparency, texture and layer management. Detail requirements see assignment handout.

Assignment #5_Illustrator diagrams
This assignment deals with basic diagramming and analysis techniques using Adobe Illustrator, with particular attention to line, shape, symbol and layer management. Detail requirements see assignment handout.

Assignment #6_Hybrid illustration
This assignment focuses on the integration among hand drawing, illustrator and photoshop, to develop digital hybrid drawings. Detail requirements see assignment handout.

Assignment #7_Indesign booklet
This assignment deals with basic portfolio design using Adobe InDesign. All the work from this semester will be composed together as a final booklet. Detail requirements see assignment handout.

Assignment Submission
All student work may be retained and used by the Department of Landscape Architecture. Digital Copies of student work for this course must be turned in at the completion of each assignment. No grades will be computed into the final course grade until digital submissions have been turned in as requested. Please follow the directions given by the instructor as to how they will be submitted (Sakai, CD, PDF, word file, etc.). However, all files must be named as follows:

course# name project_student name. dwg/pdf/jpg/ai/indd...

Example: 2376PlantDesAssig10_Smith
4ch 8ch 8ch 6ch
Use caps for separation
No spaces, hyphens, or underscoring

In cases of models and other 3-D work, digital JPG photographs should be submitted.

Class Attendance:
Attendance is required. Due to the nature of the course, active and engaged participation is expected and contributes to the student’s final grade in the course. In the event that a student is unable to attend class due to extenuating circumstances such as illness, or emergencies, the student shall notify the instructor as soon as possible. Students must provide documentation regarding the absence (i.e. doctor’s note). Failure to notify the instructor of an absence could result in a full letter grade reduction for the final grade in the course. Three or more absences without notification or documentation will result in a failing grade for the course. Tardiness (more than 15 minutes after class begins) will count as a half absence. All decisions regarding approved or accepted requests for absence from the class shall be at the discretion of the instructor. Requirements for class attendance and make-up exams, assignments, and other work in this course are consistent with university policies. Click here to read the university attendance policies.

Students should not use the computers unless instructed and should never use cell phones during class. The instructor reserves the right to ask disruptive students to leave, which will count as an unexcused absence.

Class Preparation:
Always make sure you have your work with you so you can participate in the in-class exercises. No accommodations or extensions will be made for students who are not prepared. In addition to having your project work with you, please make
sure you are also fully prepared with any other materials needed for class before class starts (i.e., print-outs, rolls of trace paper, drawing utensils, etc.).

Policy For Make-up Exams or Other Miss Work:
Late submissions are strongly discouraged. Late submissions will receive a full letter grade deduction for each day past the deadline. Work submitted more than two week late will not be accepted.

All assignments (both in digital and hardcopy form) are due before the start of class unless otherwise noted.

If a student suffers undue hardship and is not able to meet a submission deadline, they may make a formal request for an extension to the course instructor prior to the deadline. The student must email the course instructor informing the instructor of the situation that warrants consideration for an exception (death in the family, serious illness) with documentation as required by the University.

IMPORTANT: Accommodations will NOT be made due to lost data, nor will there be granted any last-minute extensions on account of workload.

Getting Help:
For issues with technical difficulties for E-learning in Sakai, please contact the UF Help Desk at:
Learning-support@ufl.edu
(352) 392-HELP - select option 2
https://lss.at.ufl.edu/help.shtml

Any requests for make-ups due to technical issues MUST be accompanied by the ticket number received from LSS when the problem was reported to them. The ticket number will document the time and date of the problem. You MUST e-mail your instructor within 24 hours of the technical difficulty if you wish to request a make-up.

Other resources are available at http://www.distance.ufl.edu/getting-help for:
Counseling and Wellness resources
Disability resources
Resources for handling student concerns and complaints
Library Help Desk support

Should you have any complaints with your experience in this course please visit http://www.distance.ufl.edu/student-complaints to submit a complaint.

Academic Honesty:
The University requires all members of its community to be honest in all endeavors. When students enroll at UF they commit themselves to honesty and integrity. Your instructor fully expects you to adhere to the academic honesty guidelines you signed when you were admitted to UF. In completing the registration form at the University of Florida, every student has signed the following statement:

“\text{I understand the University of Florida expects its students to be honest in all their academic work. I agree to adhere to this commitment to academic honesty and understand that my failure to comply with this commitment may result in disciplinary action up to and including expulsion from the University.}”

Furthermore, on work submitted for credit by all UF students, the following pledge is either required or implied:
“On my honor, I have neither given nor received unauthorized aid in doing this assignment.”

It is to be assumed that all work will be completed independently unless the assignment is defined as a group project by the professor. This does not mean that students cannot help one another in learning material, but all work that is turned in must be independent work of that individual.

Misrepresentation or plagiarism, such as claiming another’s work to be one’s own, refers to graphic and design work as well as written work. Submitting work from one course to fulfill the requirements of another (unless expressly allowed by the instructor) is also misrepresentation.

The University Honor Code and the Department of Landscape Architecture Academic Honesty Policy are to be followed to the letter. Any students found to have cheated, plagiarized, or otherwise violated the Honor Code in any assignment will be punished according to the severity of the act and may be referred to the Honor Court. It is each student’s responsibility to report any infraction, and it is expected that each faculty will report all infractions as well.

For more information, see [http://www.chem.ufl.edu/~itl/honor.html](http://www.chem.ufl.edu/~itl/honor.html) and the Department of Landscape Architecture Academic Honesty Policy.

Student Accommodations:

Students with disabilities requesting classroom accommodations should first register with the Disability Resource Center (352-392-8565, www.dso.ufl.edu/drc/) by providing appropriate documentation. Once registered students will receive an accommodation letter which must be presented to the instructor when requesting accommodation. Students with disabilities should follow this procedure as early as possible in the semester.

Counseling Resources:

Students experiencing crisis or personal problems that interfere with their general well-being are encouraged to utilize the university’s counseling resources. Both the Counseling Center and Student Mental Health provide confidential counseling services at no cost for currently enrolled students. The Counseling Center is located at 301 Peabody Hall (next to Criser Hall). Student Mental Health is located on the second floor of the Student Health Services in the Infirmary. For further information on services and how to make an appointment, call the Counseling Center at 392-1575 or Student Mental Health at 392-1171. See the following web sites for additional resources: Counseling Center: [www.counsel.ufl.edu](http://www.counsel.ufl.edu) and Student Mental Health: [http://www.hsc.ufl.edu/shcc/smhs.htm](http://www.hsc.ufl.edu/shcc/smhs.htm)

Religious Holidays:

The university calendar does not include observance of any religious holidays. The Florida Board of Governors and state law govern university policy regarding observance of religious holidays. Students shall be excused from class or other scheduled academic activity to observe a religious holy day of their faith with prior notification to the instructor. Students shall be permitted a reasonable amount of time to make up the material or activities covered in their absence. Students shall not be penalized due to absence from class or other scheduled academic activity because of religious observances.

Evaluations:

Students in this class are participating in the pilot evaluation of the new course evaluation system called GatorEvals. The new evaluation system is designed to be more informative to instructors so that teaching effectiveness is enhanced and to be more seamlessly linked to UF’s CANVAS learning management system. Students can complete their evaluations
through the email they receive from GatorEvals, in their Canvas course menu under GatorEvals, or via https://ufl.bluera.com/ufl/ . Please note your other classes this semester may be evaluated in the current GatorRater online evaluation system at https://evaluations.ufl.edu . Thank you for serving as a partner in this important effort.

Disclaimer:
This syllabus represents our current plans and objectives. As we go through the semester, those plans may need to change to enhance the class learning opportunity. Such changes, communicated clearly, are not unusual and should be expected.

Readings:
Linkedin Learning Tutorials are an incredible resource available to UF students and this class will take full advantage of them.

Computer and Software requirement:
Students' laptops/computers and software should follow the department requirements. The requirements see 'Laptop Requirements' on the bottom of the page https://dcp.ufl.edu/landscape/academics/.
Adobe CC is required for this course. Students could EITHER purchase Adobe CC suite subscription installed in their own laptop/computer. See https://software.ufl.edu/software-listings/adobe-discounted-for-students.html for UF student discounted subscription of Adobe CC ($140 for 12-month subscription; $77 for 6-month subscription). OR students could use Adobe CC in any CIRCA LAB computers.

Adobe Acrobat
Google earth pro

Schedule:

**Hand sketching**
- Week 1 & 2: Introduction + Field sketching
- Week 3 & 4: Drafting Basic
- Week 5 & 6: Descriptive drawings

**Digital drawings**
- Week 7: Introduction to Adobe CC
- Week 8: Photoshop collages
- Week 9 & 10: Photoshop rendered plan and section
- Week 11 & 12: Illustrator diagram
- Week 13: Hybrid illustration
- Week 14: Thanksgiving week
- Week 15 & 16: InDesign booklet

Materials:
This course shares the same materials with LAA2360c. Most materials will stay/store in your studio.

**Drafting Equipment:**
- Sketchbook 6”x8” or 5.5”x8.5” (at least 50 sheets)
- 12” roll of white trace paper (2 rolls)
- 18” roll of white trace paper (2 rolls)
- Drafting dots or masking tape
- Scales – architectural and engineer
- Large circle template – Pickett #1204 or Barol TD445
- Radius Master - #1202
- Pentel Sign pen: #5, black
- Pilot Fineliner pen: #5, black, size .5
- Micron pens with at least 3 different tips (fine to medium width)
- Push pins and T-pins
- Pink pearl eraser, gum eraser, kneaded eraser
- A 30” x 42” drafting board with handle, legs, and vinyl cover
- Parallel bar (recommended) or T-Square
- Triangles (10” inking): 45° and 60°/30°
- Leadholder
- Leads (two tubes): F & H
- Leadpointer

Model Building:
• Metal straight edge (cork back)
• X-Acto knife and refill blades

Optional:
• Swing lamp (lighting in the studio is suspect - you may decide you need additional lighting)
• Electric eraser (optional but highly recommended)
• Cutting mat (12" x 18" or 18" x 24") – you must use a cutting mat for models; however, a large cutting mat is provided in the studio.
• Drafting brush
• Erasing shield

Colored Pencils:
Colored pencils (see following list - its best to buy a big set instead of individuals - we won't really use markers, but some students choose to buy them as well)

<table>
<thead>
<tr>
<th>Prisma Color Pencils:</th>
<th>True green</th>
<th>Apple green</th>
<th>French grey 20%</th>
<th>White</th>
</tr>
</thead>
<tbody>
<tr>
<td>Dark green</td>
<td>Sand</td>
<td>French grey 50%</td>
<td>Magenta</td>
<td></td>
</tr>
<tr>
<td>Grass green</td>
<td>Warm grey 20%</td>
<td>Light peach</td>
<td>Indigo blue</td>
<td></td>
</tr>
<tr>
<td>Peacock green</td>
<td>Warm grey 50%</td>
<td>Terra cotta</td>
<td>True blue</td>
<td></td>
</tr>
<tr>
<td>Olive green</td>
<td>Cool grey 20%</td>
<td>Sienna brown</td>
<td>Violet blue</td>
<td></td>
</tr>
<tr>
<td>Celadon green</td>
<td>Cool grey 50%</td>
<td>Orange</td>
<td>Blush pink</td>
<td></td>
</tr>
<tr>
<td>Metallic green</td>
<td>Yellow ochre</td>
<td>Metallic tile blue</td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

It is a good idea to include any other Prisma color green pencil you run across.
