## EDUCATION

2022 Artificial Intelligence in Agricultural and Life Sciences (microcredential)  
2019 Ph.D. in Design, Construction, and Planning, University of Florida  
2000 Master Degree in Architecture, Istituto di Architettura IUAV di Venezia, (Italy)

## ACADEMIC APPOINTMENTS

2023 - present University of Florida  
Florida Institute for Built Environment Resilience  
College of Design, Construction, and Planning  
Assistant Director, Assistant Scholar

2023 - present University of Florida  
Florida Institute for Built Environment Resilience  
College of Design, Construction, and Planning  
GatorCorps Program  
Program Director

Fall 2023 University of Florida  
Urban and Regional Planning Department  
College of Design, Construction, and Planning  
Instructor

2019 – 2023 University of Florida  
Florida Institute for Built Environment Resilience  
College of Design, Construction, and Planning  
Post-Doctoral Associate

Spring 2021 University of Florida  
School of Architecture  
College of Design, Construction, and Planning  
Instructor

2017 – 2018 University of Florida  
Honors Program  
Instructor

2014 – 2018 University of Florida  
School of Architecture and College for the Liberal Arts  
Teaching Assistant

## RESEARCH PROJECTS

2023 -present *Climate ecologies in reclaimed coastal productive landscapes: the cases of Metaponto and Ravenna (Italy).*  
Role: PI. Working with Alessandro Raffa (University of Basilicata and Fondazione ENI Enrico Mattei)  
Karla Ochoa Saldana (UF School of Architecture), Whittaker Schroder (UF Anthropology), Jeff Carney (UF FIBER), David Rifkind (UF Architecture), Jason vonMeding (Rinker School)

- 2022-2023 *Jacksonville Inner City: Machine Learning (ML) to Identify Transect Urban Patterns of Built Environment*  
 Role: Translation of ML outcomes into urban studies theories. Working with Karla Ochoa Saldana (UF School of Architecture), Whittaker Schroder (UF Anthropology), Lisa Platt (UF FIBER), Jeff Carney (UF FIBER), Forough Foroutan (UF FIBER)
- 2019-present *Researcher at FIBER on community climate resilience in Port St. Joe, Jacksonville, and Cedar Key*  
 Role: Participatory Research Expert using Design Thinking, Qualitative Methods (survey, interviews, focus groups), and Collaborative Design. The objective is to engage communities in the research process and to translate and communicate scientific findings to the public. Working with Jeff Carney (UF FIBER), Jason vonMeding (UF FIBER), Lisa Platt (UF FIBER), Mike Volk (UF Landscape Architecture), faculty members at UF IFAS, and faculty at the Shimberg Center for Housing Studies

### RESEARCH AFFILIATIONS

- 2019 – 2021 Steering Committee, Italian Pavilion, Venice Biennale of Architecture 2021 with Alessandro Melis (University of Portsmouth), Luisa Bravo (City, Space, Architecture), Paola Boarin (University of Auckland), Daniela Perrotti (UCLouvain), Maurizio Carta (Universita' di Palermo), Marilena Baggio (GreenCure), Luigi Trentin (Accademia di Architettura di Mendrisio), Luca D'Acci (Politecnico di Torino), Ingrid Paoletti (Politecnico di Milano), Katia Accossato (Politecnico di Milano)
- 2020 – 2021 Initiative for Critical Disaster Studies, Gallatin School of Individualized Study, New York University  
 Working Papers in Critical Disaster Studies, Series 1: Historical Approaches to Covid-19  
 Led by Jacob A.C. Remes (New York University) and with Julia Engelschalt (Universität Bielefeld), Julia Irwin (University of South Florida), Valerie Marlowe (University of Delaware)
- 2021 – present Genealogy of Urban Design, GUD Design Network  
 Member

### PROFESSIONAL AFFILIATIONS

- 2023- current Alachua County Citizen Climate Advisory Committee (CCAC)  
 Commissioner
- 2020- 2022 City, Space, Architecture  
 Member of the Advisory Board
- 2001 Professional License with the Treviso architectural board (currently inactive, in the process of reactivation)
- 2020-2021 Environmental Design Research Association (EDRA)  
 Member of the Board of Directors
- 2020-2021 Alachua County Planning Commission  
 Commissioner

### COURSES AND LECTURES TAUGHT

- Fall 2023 *Planning and Design 1*  
*Urban and Regional Planning*  
*University of Florida*  
*Instructor*

Teach a graduate class on city design and principles for graduate students. The course will teach theories of urban design and graphical communication skills to expose students to good planning practices.

- Fall 2023     *Urban Design in the Age of Artificial Intelligence (guest-lecture)*  
University of Florida, School of Architecture  
Architectural Theory 2, Instructor Charlie Hailey
- Spring 2023     *Food Resilient Landscapes (guest-lecture)*  
University of Florida, College of Design Construction and Planning, Master of Sustainability Design  
WELL Sustainability Design, Instructor Lisa Sundahl Platt
- Spring 2023     *Flooding and Equity in Social-Ecological challenged Built Environments (guest-lecture)*  
University of Basilicata (Italy), Instructor Alessandro Raffa
- Spring 2023     *Imperfection as Adaptation Strategy (guest-lecture)*  
University of Chieti (Italy)  
Landscape Architecture Studio, Instructor Carlo Prati
- Fall 2022     *Master Studio: Master Thesis on Jacksonville*  
University of Florida, School of Architecture  
Taught about qualitative research and ethnographic methodologies across one month of studio  
time to six graduate students, Instructors Nancy Clark, Jeff Carney
- Fall 2022     *Cities: invisibility, rights, and other reflections (guest-lecture)*  
Morgan State University, School of Architecture and Planning  
Graduate Design Studio, Instructor Cristina Murphy
- Fall 2022     *The Right to the City (guest-lecture)*  
University of Florida, School of Architecture  
Architectural Theory 2, Instructor Charlie Hailey
- Summer 2022     *Architecture beyond Autonomy (guest-lecture)*  
Montana State University, School of Architecture
- Summer 2022     *Jacksonville and its watersheds vulnerability (guest-lecture)*  
University of Florida, College of Design Construction and Planning  
Research Design Seminar, Instructor Tim Murtha
- Spring 2022     *Resilient Jacksonville (guest-lecture)*  
University of Florida, College of Design Construction and Planning, Master of Sustainability Design  
Sustainable Solutions for the built Environment, Instructor Azza Kamal
- Spring 2021     *Resilient Design (guest-lecture)*  
University of Kansas, School of Architecture and Design
- Spring 2021     *Envision Resilience: Nantucket Challenge*  
*Design Studio 8*  
*School of architecture, University of Florida*  
*Collaborator*

Collaborated with Associate Professor Jeffrey Carney in a studio for undergraduates (D8, last semester previous graduation). The studio was part of the [Envision Resilience: Nantucket Challenge](#), organized by ReMain Nantucket. I aided in teaching the studio and supported students in their project development.

Spring 2021 *Resilient Urbanism*  
*Interdisciplinary Graduate Seminar (Sustainable Design, Architecture, Urban Planning)*  
University of Florida  
Co-Instructor

Co-taught with Associate Professor Jeffrey Carney an interdisciplinary graduate seminar on resilient urbanism of coastal communities due to risks associated with climate change. I taught case study analysis to the students and designed the case-study paper assignment structuring it as for publication.

2020-2021 *Leveraging your research for gaining professional opportunities*  
University of Florida, PhD program  
Doctoral seminar, Instructor Lisa Sundahl Platt

Spring 2020 *The Right to the City*  
University of Florida, School of Architecture  
Architectural Theory 2, Instructor Charlie Hailey

Summer 2019 *Global Design, Local Italy: Just City and Migration*  
*Interdisciplinary Graduate Design Studio Abroad*  
Morgan State University  
Collaborator

Collaborated with assistant professor Cristina Cassandra Murphy in an abroad studio in Treviso (Italy). The graduate studio (both architecture and planning students) focused on the socio-spatial integration of immigrants in the local built environment of the historical town of Treviso. Carla supported the development of the syllabus and co-organized the logistic creating partnerships with local non-profit and organizing guest-lecturers and architecture firms visits. She also lectured on Carlo Scarpa and led the visit to his local archive in Treviso.

Fall 2019 *Dissertation procedure, methodologies, and strategies*  
University of Florida, School of architecture  
Seminar: Resilience research and practice, Instructor David Hulse

Spring 18-20-22 European architectural practice  
University of Florida, School of architecture. Program: CityLab Orlando  
Seminar: Architectural Practice, Instructor Albertus Wang

Fall 2018 *Invisible Cities*  
*Interdisciplinary Undergraduate Seminar*  
Honors Program, University of Florida  
Instructor

The seminar aimed to understand contemporaries' cities complexities by applying Italo Calvino's theory of imagination — a microhistory methodology — to urban studies. Students were invited to study a city of their choice through a visual representation of its contradictions and conflicts. The final assignment supported individual learning experiences.

Summer 2018 *Venice and the contemporary: how new architectural interventions change urbanity*

Huazhong University of Science and Technology, Wuhan China.  
Program: EU-HUST 2018, Study Abroad Program in Venice, Italy, Instructor Albertus Wang

Spring – Fall 2017 *The Urban Revolution*

*Interdisciplinary Undergraduate Seminar  
Honors Program, University of Florida  
Instructor*

This seminar aimed to understand the multivalent facets of urbanization, unveiling its effect on buildings and grounding it in the theoretical framework of Henri Lefebvre. This seminar asked students to determine and identify the impact of urbanization on society and its built environment and apply what is learned to contemporary situations to identify design questions. The final project focused on a photo-elicitation exercise in which students interviewed people about a selected building in Campus to discover the design issues that affect minorities groups.

Spring 2017

*Design Studio 6  
Undergraduate Course  
School of Architecture, University of Florida  
Teaching Assistant*

Spring 2016

*Design Build  
Undergraduate Course  
School of Architecture, University of Florida  
Teaching Assistant*

2016 - 2018

*What is a Good Life?  
Undergraduate Course and Hybrid undergraduate Course  
College of the Liberal Arts, University of Florida  
Teaching Assistant leading recitation sections*

Fall 2015

*Theory of Architecture 2  
Undergraduate and graduate Course  
School of Architecture, University of Florida  
Teaching Assistant leading recitation sections*

Spring 2015

*Design Build  
Undergraduate Course  
School of Architecture, University of Florida  
Teaching Assistant*

Spring 2015

*Materials and Methods 1  
Undergraduate Course  
School of Architecture, University of Florida  
Teaching Assistant*

Fall 2015

*Engineered wood product: CLT a new building construction system  
University of Florida, School of Architecture  
Course: Materials and Method 1s, Instructor Stephen Belton*

Fall 2014

*Architectural History 3  
Undergraduate and graduate Course  
School of Architecture, University of Florida  
Teaching Assistant*

## **MENTORSHIP OF GRADUATE AND UNDERGRADUATE STUDENTS**

- Mentoring the following graduate research assistants at the Florida Institute for Built Environment Resilience. Students worked on various research projects, with tasks focused on data mining, literature reviews, grant writing, and drawing in various digital media (GIS, Illustrator, AutoCAD, Photoshop):

2022-23            two graduate students majoring in Architecture and Urban and Regional Planning and one undergraduate student in Landscape Architecture  
2021                up to four graduate students majoring in Architecture, Landscape Architecture and Urban and Regional Planning  
Fall 2020          one graduate student majoring in Urban and Regional Planning

- Mentoring the following graduate students in design studio, master thesis, and PhD dissertation:

2022 - present    member of the PhD committee of a student in Architecture, topic immigration and cultural resilience  
Fall 2020          one undergraduate student, Graduate Design Studio, Morgan State University  
Spring 2020       one student, Master Thesis, NeoAgriculture: Using Urban Agriculture As A Method To Combat Food Deserts And Improve Social Equity Across America, Drury University

- Supervision and mentoring the first co-hort of GatorCorps members.

2023-current      sixteen individual studying at DCP, UF, UNF, Santa Fe College or recently graduated.

- Mentoring a first-generation student at University of Florida as part of the "Life Coach program" by the First-Generation Student Success organization:

2019                one undergraduate student, first generation college student at University of Florida

- Supervision and mentoring a group of undergraduate architecture students in a service-learning outreach program, "Building our Future." Students delivered workshops in elementary schools in rural areas of Alachua County:

2017-2018        nineteen students, School of Architecture, UF
